

2024 - Fall - Septic Designer and Installer Exam Review Class

A six-week course focusing on the Design and Installation of onsite septic systems in the State of New Hampshire. The course will follow the Env-Wq 1000 rules and will help professionals prepare for the upcoming NHDES Subsurface Bureau's Designer and Installer exams. See below for dates.

The instructor: Gary Spaulding: a NH licensed septic system designer, septic system installer, evaluator with over 35 years of experience in the Onsite Wastewater Industry.

This class does not guarantee that you will pass the designer or installer exams. The class is set up to help the individual prepare for the designers or installers exam. To pass NHDES exam the individual must invest time outside of the class to prepare for the exam.

THIS IS NOT A NHDES SUBSURFACE SPONSORED CLASS.

THIS CLASS IS NOT SETUP TO TEACH PEOPLE HOW TO DESIGN OR INSTALL SEPTIC SYSTEMS.

The classes will review the rules, design, installation, and design examples, and sample questions and answers.

Materials Required:

- Hard copy of the Env-Wq 1000 rules and RSA-485 Rules
- Engineer Scale with 1" = 10' and 1" = 20'
- 2 Drafting triangles and a Compass
- Pencil / Highlighter / Notebook

Classes are from 5:00 to 7:00 pm. Open discussion / question 7:00 to 7:30 if needed.
